

## PRESS RELEASE

### ERGO Insurance Unveils Its TravelManager App For Hassle-Free Corporate Travel Insurance Management

**Singapore, 23 January, 2018** – ERGO Insurance Pte. Ltd. unveiled today **ERGO TravelManager App** for small, medium and large companies, giving businesses hassle-free management of their corporate travel insurance programme and travelling employees immediate access to their insurance policy and the ERGO Emergency Hotline via their smartphones.

**ERGO TravelManager App**, currently available to Singapore-based companies, makes it easy for human resource managers and insurance intermediaries to efficiently manage, track and collate the insurance cover utilisation information during and at the end of the policy period – or during the master policy renewal. It is especially useful to medium and large firms that often see numerous staff travelling at any given time.

For business travellers, the app offers an easily navigable, self-help dashboard on their smartphones to preschedule a cover before a trip, view their corporate travel insurance policy, and contact the ERGO Emergency Hotline - when needed - anytime, anywhere.

Below are other key features and benefits of the app:

- It provides HR managers with real-time information of their employees' travel patterns/trips
- It allows companies to buy corporate travel insurance based on their accurate travel pattern
- It allows employees to preschedule a cover and generate a certificate of insurance for future business trips. The certificates are often necessary for visa application (where required)
- It allows employees to connect with the ERGO Emergency Hotline for assistance with a push of a button on their smartphones
- ERGO Insurance can create language options for the app to meet customer needs in different markets
- The app is available on iOS and Android smartphones

“We are pleased to introduce **ERGO TravelManager App**, our innovative, customer-focused digital solution that offers our clients a more efficient management of corporate travel insurance”, says Karl-Heinz Jung, CEO of ERGO Insurance Pte. Ltd. “The app is part of our initiative to digitalise the company and to bring efficiencies, cost-savings and convenience to our customers.”

ERGO Insurance, the Singapore subsidiary of ERGO Group AG and part of Munich Re, is showcasing several digital initiatives such as the **ERGO TravelManager App** in 2018 as part of the [Group's Strategy Programme](#), which was launched in June 2016.

## **About ERGO Singapore**

ERGO Insurance Pte. Ltd. is a registered general insurer regulated by the Monetary Authority of Singapore.
